The Incredible Machine: Mega Pack

Do you remember watching with amazement when those cartoon heroes constructed machines to catch someone or start something? Those very complicated Rube Goldberg-like ones with knives, toasters, anvils etc?

Or did you ever wonder how it would feel to construct a mouse-powered device to cook some eggs and launch a rocket? Well, the answer for it is here!

Build monkey or mouse-powered machines, use lasers and fire fireworks, start fires using a bowling ball and flint, throw things with anti gravity platforms or a jack-in-the-box or crack open an aquarium with a cat, mouse, alligator, cannon, cheese and more!!!

The Mega Pack includes almost every game from series.

Minimum system requirements: Windows XP or Windows Vista, 1 GHz Processor (1.4 GHz recommended), 256MB RAM (512 recommended), 3D graphics card compatible with DirectX 7 (compatible with DirectX 9 recommended), Mouse, Keyboard.

 Read game manual (37 pages)  Soundback

Windows® Vista & XP compatible
